CMRCET/PRIN/Niruja Health Club/AY2016-17/01.

Date: 16<sup>th</sup> April, 2016.

## OFFICE ORDER

(Sub: Restructuring of Niruja Health Club)

With reference to the office order "CMRCET/PRIN/21/2014, Dated 15<sup>th</sup> April, 2014", Niruja Health Club is restructured with the following Members for the A.Y 2016-17.

S.No.	Name of the Faculty	Designation & Dept.	Position
1	Dr. M.Ramalinga Reddy	Principal	Chairman
2	Dr. David	Medical officer	Convener
3	K.Soujanya	Asst. prof, H&S	Coordinator
4	Kpv Krishna Varma	Asst. Prof, Mech	Member
5	MadhuriPandheti	Asst. Prof, CSE	Member
6	D.RamaKrishna Sharma	Asst. Prof, EEE	Member
7	M. Kiran Kumar	Asst. Prof, ECE	Member
8	V. Niranjan	Asst. Prof, Civil	Member
9	A. Ambika	Asst. Prof, MBA	Member
S.No.	Name of the Student	Branch	Position
1	JankaSudheer	Mech	Student Member
2	SaptarishiChakraborty	ECE	Student Member
3	Malli Kamal Teja	CSE	Student Member
4	KatamMeghana	Civil	Student Member
5	Mohammed Munwar Ali	EEE	Student Member
6	ChallaDivyaJyothi	MBA	Student Member

Committee will work in line to meet the following objectives

1. To educate the students about the importance of health
2. To bring awareness among the students about various diseases, flues and also how to retaliate them
3. Motivate and encourage the students to conduct the health campaigns at various villages
4. To develop students as healthy and sound minded which is must for a good society
5. To strengthen the demographic dividend of our country

The committee shall meet as frequently as necessary to discharge its duties and in any case at least two times per academic year.

## MINUTES OF MEETING OF NIRUJA HEALTH CLUB

Date: 09-05-2016

Minutes of the first meeting for the A.Y 2016-17 of NIRUJA (Health) Club held at 10 AM on 09-05-2016 at ELCS LAB Block-I CMR College of Engineering & Technology.

### **Minutes of Meeting:**

A meeting was conducted by NIRUJA (Health) Club to discuss the various events to be conducted for the Academic Year 2016 – 2017 and also to review the previous Academic year events.

- The chairman, Dr. Ramalinga Reddy welcomed all the members and congratulated all the members for successful conduction of the four events in the A.Y: 2015-16.
- Three events were suggested for the first semester while two more events were suggested for the second semester.
- MadhuriPandheti, Asst. Prof,CSE suggested conducting an awareness program on the Chikun Gunya to all the students and faculty because of increasing number of cases in the recent past.
- D.RamaKrishna Sharma, Asst. Prof, EEE suggested conducting an awareness program on Diabtes for the faculty, and students
- V. Niranjan, Asst. Prof, Civil suggested conducting an awareness program on account of world Aids eradication day(Dec.1<sup>st</sup>).
- All the members agreed to the opinion and accepted the proposal with enthusiasm to spread awareness on the causes and prevention of Chikun Gunya, Word Diabetes day program and awareness program on account of World Aids Day.
- These three events were collectively decided to be conducted for the first semester.
- For the second semester, KPV Krishna Varma, Asst. Prof, Mech suggested briefing the students on the occasion of World Thalassemia Day.
- A. Ambika Asst. Prof, MBA proposed to conduct an awareness campaign on Pulse polio vaccination to some nearby village as a part of social responsibility.

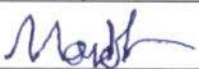

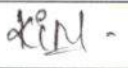

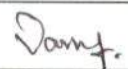

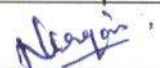

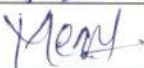

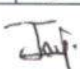

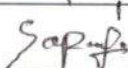

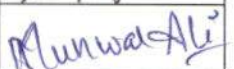

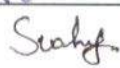

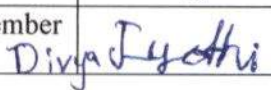

**Resolution 01:** The NIRUJA (Health) Club members came to a conclusion to conduct three (03) events for the first semester (i.e.) the awareness program on Chikun gunya for all the students ,awareness program on account of World Diabetes day and World Aids eradication day for students, faculty.

**Resolution 02:** The NIRUJA (Health) Club members came to a conclusion to conduct two (2) events for the second semester (i.e.) World Thalassemia Day and Awareness campaign on pulse polio vaccination to some nearby village to the college as a part of social responsibility

The meeting concluded with the Chairman thanking the members for their valuable suggestions.

**Club Members present:**

## Strategic Perspective Plan for the Academic Year 2016-17

Sl. No.	Date of the Event	Dept./Club	Name of the Event	Budget for the event	Details
1	17-09-2016	Niruja Health Club	Awareness program on Chikun Gunya	-NIL-	Viral infections occur when there is change in seasons and in particular during and after rainy season Chikun Gunya cases are on the rise. So to make the students aware about the fever its symptoms, treatment and preventive measures conducting an awareness program is of utmost importance.
2	11-11-2016	Niruja Health Club	World Diabetes Day(Nov.14 <sup>th</sup> )	-NIL-	Every day nearly five hundred to thousand new diabetic cases register in India, such is the seriousness of the issue. Earlier people used to get attacked by diabetes in their latter part of life, but due to change in diet and work even children are getting attacked with it. So to make students having handful knowledge about the diabetes how it occurs, symptoms and treatment conducting one awareness program will benefit them very much
3	24-11-2016	Niruja Health Club	World Aids eradication Day(Dec.1 <sup>st</sup> )	-NIL-	To make the students about the ailments that are caused by Aids and to protect their youth hood conducting awareness program is a need of the hour.
4	30-01-2017	Niruja Health Club	World Thalassemia Day(May8 <sup>th</sup> )	-NIL-	On account of World Thalassemia Day it will be good to organize an awareness program for the students for their benefit.
5	03-03-2017	Niruja Health Club	Awareness campaign on Pulse Polio Vaccination	6000/-	Polio vaccination to the children below five years is of utmost importance. Keeping this on mind Niruja health will conduct an awareness campaign on the same to some near-by village in Medchal.

## Niruja HealthClub - Strategy Document

1. Health Club meeting is conducted at the beginning of each academic year.
2. A brief synopsis is given by the Niruja Health Club on the importance of the club and its activities.
3. Students are motivated to register inhealth club.
4. Students are encouraged to actively participate in the health club activities.
5. Health clubhas given instructions and suggestions to the students about implementation of the events as and when needed.

## REPORT ON CHICKUN GUNYA AWARENESS PROGRAM

Niruja Health club has conducted the Awareness program on Chikun Gunya at CMR College of Engineering & Technology EEE seminar Hall block II on 17-09-2016. Dr. David has acknowledged the faculty both teaching and non-teaching along with the students on many aspects of Chickun Gunya and its symptoms. Chickun Gunya is an infection caused by the Chickun gunya virus (CHIKV). Symptoms include fever and joint pains. These typically occur 2-12 days after exposure. The virus is spread between people by two types of mosquitoes. Symptoms are fever, headache, muscle pain, joint swelling and a rash. They usually improve within a week; the joint pain may last for months or years. The best means of prevention is overall mosquito control and the avoidance of bites in areas where the disease is common. This may be partly achieved by decreasing mosquito's access to water and with the use of insect repellent and mosquito net, securing screens on windows and doors will help to keep mosquitoes out of houses.

### OUTCOME OF THE CHICKUN GUNYA AWARENESS PROGRAM:

After conducting the awareness program; students, faculty and staff has gained a lot of knowledge on the Chikun Gunya and its prevention methods. After the program everyone are aware of prevention measures and also how to cure it

### BENEFICIARIES:

One hundred and twelve Students; twenty faculty and staff have come to know about the Chikun Gunya its symptoms and treatment methods.

### **REPORT ON AWARENESS PROGRAM ON DIABETES**

The Niruja Health Club with the support of the management has conducted an awareness program on Diabetes and its related issues for faculty, staff and students at CMRCET Auditorium on 11-11-2016. In augural speech was given by Dr. David .He says that Diabetes which was also called as ' DIABETES MELLITUS' is a group of diseases that result in too much sugar in blood (high blood glucose)and also diabetes is mainly of few types , they are TYPE 1 DIABETES ,TYPE 2 DIABETES ,GESTATIONAL DIABETES.A chronic condition that affects the way the body processes blood sugar (glucose) is TYPE 2 DIABETES.A chronic condition in which the pancreas produces little or no insulin is called TYPE 1 DIABETES .It's a different condition in which your kidneys remove too much fluid from your body . The symptoms of diabetes are increased hunger, increased thirst, weight loss, frequent urination. People are more likely to get Type 1 diabetes if they carry certain genes that are linked with the disease .TYPE 2 DIABETES occurs due to overweight .Doctor's treat diabetes with a few medications .Insulin is the main treatment for TYPE 1 diabetes while proper maintenance of diet decreases blood sugar and help you loss any excess weight. After his speech medical resource persons from Vijaya Diagnostic center conducted the random diabetes test for faculty, staff and students who are interested to know their sugar level post meal.

#### **OUTCOME OF AWARENESS PROGRAM:**

After conducting the awareness program on diabetes and world diabetes day the students, faculty both teaching and non-teaching has gained knowledge on diabetes. They got to know the symptoms and also precautions to be taken and preventions of diabetes. Many faculty and staff came to know about their glucose levels

#### **BENEFICIARIES:**

Eighty Students, one hundred faculty and staff have participated in the diabetes test. They gained a lot of experience from the awareness program. Some faculty and staff got interacted with the resource persons from vijaya diagnostic centre and clarified their doubts in person.

### REPORT ON AIDS ERADICATION PROGRAM:

Niruja Health Club has conducted the Awareness program on Aids on account of world Aids eradication day (Dec.1<sup>st</sup>) Prevention at CMR College of Engineering and Technology EEE Seminar Hall Block on 24/11/2016. Dr. David has enlightened the faculty both teaching and non-teaching along with the students on many aspects of aids eradication and its symptoms. He said that Acquired Immune Deficiency Syndrome (AIDS) is a spectrum of conditions caused by infection with the human immunodeficiency virus. Typically, this is followed by a prolonged period with no symptoms. As the infection progresses, it interferes more with the immune system, increasing the risk of developing common infections. These late symptoms of infections are referred to as acquired immunodeficiency syndrome (AIDS). This stage is often also associated with unintended weight loss. Other common signs include recurrent respiratory tract infections. People with AIDS have an increased risk of developing various viral-induced cancers. Diarrhea is another common symptom, present in about 90% of people with AIDS. 1<sup>st</sup> December is treated as "WORLD'S AIDS ERADICATION DAY". Currently, there is no licensed vaccine for AIDS. The most effective vaccine trial to date is RV 144. He concluded his speech by a famous saying "Prevention is better than cure"

### **OUTCOME:**

After conducting the program the students, faculty and staff came to know about the series ailments of Aids. After the program, everyone took pledge to be a part of National Aids Control Program.

### **BENEFICIARIES:**

One hundred and thirty two Students including volunteers; twenty faculty and fifteen staff have come to know about the Aids and its symptoms.

### REPORT ON AWARENESS PROGRAM ON THALASSEMIA

Niruja Health club has conducted the awareness program on Thalassemia prevention at CMR College of Engineering & Technology Auditorium Block II on 30<sup>th</sup> January 2017. Dr. David and his team have enlightened the faculty, staff and students along with students on many aspects of Thalassemia. He said that we can't prevent thalassemia because they're inherited or passed from parents to children through genes. It is caused by mutations in the DNA of cuts that make haemoglobin. The substance present in red blood cells that carries oxygen throughout your body. The mutations associated with thalassemia are passed from parents to children. The most common treatment for severe cases is regular blood transfer to relieve the symptoms, which continue for life and have side effects. The only cure currently available for thalassemia is bone marrow transplant, which is only for a small proportion of patients. When they are not healthy, red blood cells, there is no enough oxygen. . Exercise is the part of an overall healthy lifestyle and helps to lead better life. When it is untreated, this condition can lead to problems in the liver & heart.

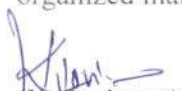

#### OUTCOMES:

After conducting the awareness program on thalassemia, all the students and faculty came to know about the disease thalassemia and they know about disease and its repercussions.

#### BENEFICIARIES:

One hundred and ten students; twenty faculty and fifteen staff have gained a lot of experience from the awareness program. Student volunteers learned how to conduct an event in a well-organized manner.

## REPORT ON AWARENESS CAMPAIGN ON PULSE POLIO VACCINATION IN PUDUR VILLAGE MEDCHAL

Niruja Health club has decided to conduct awareness program on pulse polio vaccination to people of pudur village Medchal. So, Dr. David briefed the student volunteers of club about the polio and its ailments. Polio is caused due to poliovirus and will transmit through contaminated water or food or contact with an infected person. Many people who are infected with the poliovirus don't become ill develop paralysis, which can sometimes be fatal.. He said that polio is a virus that may cause paralysis and is easily preventable by the polio vaccine. Inspired by this students decided to conduct awareness program in "PUDUR VILLAGE" creating awareness among rural people regarding consequences and cause of "polio. At first they took permission from Gram sarpanch and then asked about how many mothers are there with children below 5 years of age. After that they went house to house and explained ailments of polio if vaccination is not given to their wards regularly. After that all the mothers felt very happy and said that they will surely take their children to pulse polio centers regularly. Students also felt very happy about the campaign

**OUTCOME:**

After conducting the awareness program all the mothers of Pudur village were came to know about the ailments of polio.

Sarpanch of the village thanked the Niruja Health club for conducting the awareness campaign on polio.

“I came to know about the ailments of the polio after the awareness campaign. Earlier I don’t know about the seriousness if polio vaccination is not given. Now I decided to take my child to polio vaccination center regularly without skipping. I am very thankful to Niruja Health Club CMR College of Engineering & Technology for enlightening us”-Yadamma, Resident

**BENEFICIARIES:**

Mothers, some grandmothers and some school going children of the village after the program mothers took oath to take care regarding polio vaccination. Fifty mothers and some family members along with student volunteers got benefitted from this campaign
