Report on personality Development

As part of a wakeup call to all students of CMR College of Engineering and Technology "A seminar programme on personality Development" is conducted on 29th August, 2018.

The educational institutions providing Engineering education in India are churning out about >800000 Engineering graduates annually. The economic imperatives for Indian Higher Education System are: Developing a skilled, job ready and productive workforce by imparting technical and soft skills training; imparting education/skills that enable students to become entrepreneurs; and enabling Higher Education graduates to attain skills to meet the needs of the society and can become employable work force. Which is lacking in the present scenario Bearing this in mind a one day a seminar was held for the benefit of Students on 'Leadership and Personal Effectiveness with

Major objectives:

1. To develop leadership skills in the students;
2. To appraise students about the importance of communication skills, critical thinking skills, and collaborative skills;
3. To enable students to learn and *face* situations at individual level. :

The resource person of the seminar was the professor Praveen raj saxena .The Seminar was presided over by the principal of the college Major. Dr. V. A. Narayana expressed the importance of leadership and personal effectiveness in present environment. The introductory remarks were made by the IQAC Coordinator of the college Devadas, all the HODs and faculty members were participated of this seminar. Dr B Lokeswara Rao highlighted on the change in the mindset to face competition and enhance leadership skills.

The program aim to create awareness on different situations of the institution, which a student might or may undergo in their walk of life, raised on day to day life in the question hour students ask the speakers queries.

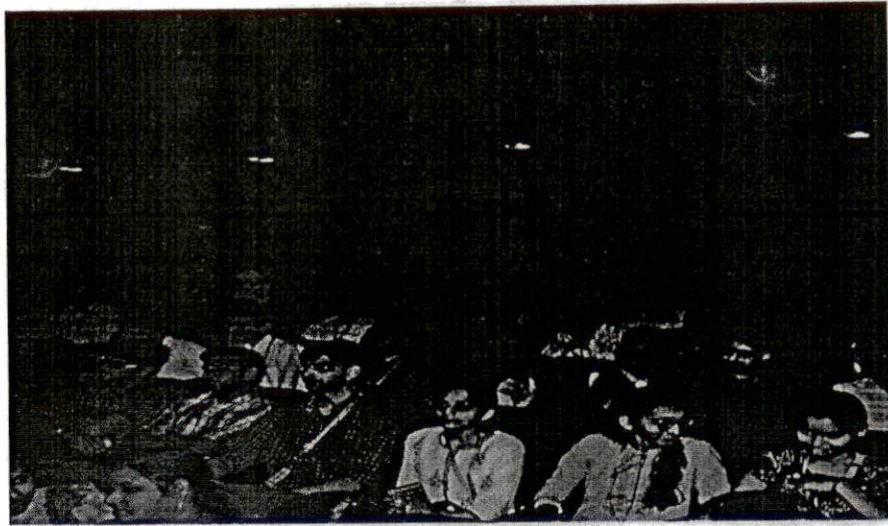

. The feedback obtained from the students revealed that:

Report on Training programme on “Campus Interview Skills”

A two day training programme on “Campus Interview Skills” was organized by the Equal Opportunities Centre of CMRCET.

Training programme schedule Date: 06/10/2018

S.No	Date	Batch / Time	Activities	Students Participated
1	06.10.2018	Batch 1 Forenoon	SWOT Analysis & Resume Buildings	60
		Batch 2 Afternoon	Group Discussion & Interview skills	60

Presiding over the function, Ch Gopal Reddy garu, Secretary & Correspondent, CMRGI.exhorted the students to make use of the training offered by the College to prepare themselves to get employment in Corporates. He complemented the EOC Centre for the effective functioning in arranging various activities. He added that it is more fitting that the EOC whose main aim is to ensure equality and nondiscrimination among the students in every aspect is organizing the programme. He gave a word of caution that those indulging in any sort of discrimination in the College Campus will be seriously dealt with.

Prof Lokeshwara Rao, Dean, Faculty of ECE in his felicitation address pointed out that the interview which is basically a personality test is arranged to ascertain the skill, experience, personality, confidence level, willingness and ability to learn of the interviewees discloses the sound grasp of the academics, self awareness, and clarity of goals and well rounded personality of the candidates. He appealed to the III year B.Tech students to fully utilize the sessions.

Major Dr V A Narayana, Principal and trainer in his key note address said that a candidate must show various skills like communication, aptitude, attitude, computer skills etc. apart from curriculum. He is expected to show decent corporate etiquette at the time of interview itself, and hence training becomes very vital for graduates. He further said that the one day is segregated into 2 sessions on SWOT Analysis; Resume Building techniques, Group Discussion and Interview Skills. By the end of this day training program students will be completely aware of the interview process and able to perform well in Group discussion and Interview.

Earlier G Devadas, Coordinator, IQAC welcomed. Dr M S R Murthy, Coordinator PC gave the thematic address. Dr.M.Venkateshwarlu, Head of the Dept of civil proposed the vote of thanks.

In the absence of financial resources many students from backward and economically weaker sections of the society are not in a position to pursue higher education. In order to support students from these deprived communities, government and other agencies make scholarships available to the needy students. Thus such programs have to be conducted on a regular basis

Report on Road Safety Awareness

A Seminar on "Road Safety for Divyangs" held at CMRCET, Hyderabad on March 25, 2019 by Assistant Professor Dr M Vishnu who gave informative lecture to the students.

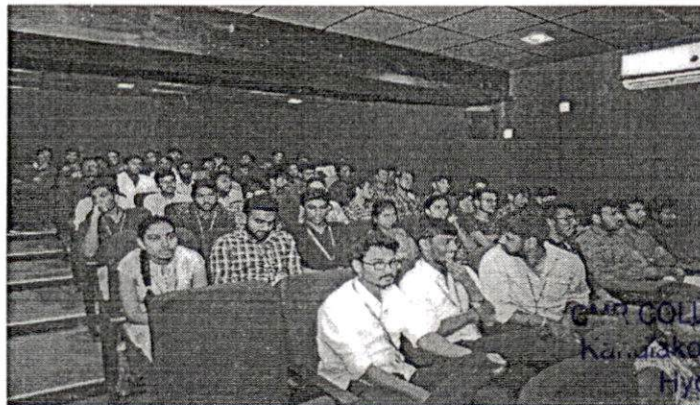

He informed the students that owing to the violation of traffic rules on roads by the underaged driving roads has become very unsafe, especially persons. They presented shocking statistics connected with road rage. According to Road Accident Statistics India 1214 road crashes occur every day in India. 20 children under the age of 14 die every day due to road crashes in the country. One serious road accident in the country occurs every minute and 16 people die on Indian roads every hour.

They made students aware of the newly passed Road Safety Juvenile Driving Laws. According to the recently implemented Road Safety Bill 2016 the guardian /owner shall be deemed to be guilty in cases of offences by the juveniles and juvenile shall be tried under JJ act. The representatives from the Traffic Police Ludhiana appealed to the students to follow traffic rules to maintain safety for one and all.

The students enjoyed the interactive session with professor Prasad and were inspired to take the message back home about how critical road safety is. They were given the responsibility of ensuring that their family members follow the rules of the road, as breaking rules might be dangerous or fatal. Assistant Professor Vishnu explained the risks of wheeling on the roads. He requested underage students not to drive vehicles on the road and to be civic conscious citizens.

Principal Dr V A Narayana and Dr M Vishnu flagged off the safety walk at which teachers, college bus drivers, cleaners and other support staffs were present. The students walked till the kandlakoya area and spread awareness by holding placards with messages of safety on the roads while driving and walking, shouted slogans and distributed pamphlets. The policemen who were on duty on Medchal Road, assisted in the smooth movement of traffic and safety of the students on the walk.

All the students participated in the walk ralie and explained to travelers about and wearing helmets.

There are many reasons why car accidents happen on the roads, such as:

- i. Driver's driving habits or error
- ii. Driving over speed limits
- iii. Driver's fatigue
- iv. Alcohol or drug consumption
- v. Mechanical failure of the vehicle
- vi. Tough weather conditions such as rain, snow, wind etc.

When drivers loose control over their vehicles, there are high risks of collisions and impacts with other vehicles or objects near the road. Therefore, the roads and highways need to be constructed and designed with safety road barriers. Road safety barriers are described as vehicle protection systems which are specially designed to protect the vehicles on the roads, to save many lives and to be maintenance free for at least 30-50 years.

Outcomes

1. It recognizes that prevention efforts notwithstanding, road users will remain fallible and crashes will occur.
2. It stresses that those involved in the design of the road transport system need to accept and share responsibility for the safety of the system, and those that use the system need to accept responsibility for complying with the rules and constraints of the system.
