Brief Report on Tree Plantation:

The CMR College of Engineering & Technology organized 'Tree plantation' on 22-07-2015 in and around the campus to spread awareness among the student and faculty community and to bring slight difference in the increasing temperatures that are contributing towards global warming.

Trees also contribute to the environment by helping us in providing oxygen, conserving water, preserving soil erosion and protecting wildlife. They also take in carbon-di-oxide and give us oxygen to breathe. They also provide us with a variety of fruits and flowers. Fifteen faculty members and fifty-three (53) students participated in the event and planted 63 saplings.. On this occasion Mr. Ch Malla Reddy who was newly elected as an MP from Malkajgiri and chairman of CMRCET visited the college and planted the first sapling. He showed a lot of enthusiasm in rendering his services towards greenery and encouraged the students with a tagline 'Each one plant one'. Even Secretary and Correspondent of CMRCET, Mr. Gopal Reddy and the Principal CMRCET Dr. M. Ramalinga Reddy graced their presence and planted the saplings. . The event was huge success as most of the students were seen outside their classrooms involving themselves in making the city green.

Brief Report on Career Guidance and Goal Settings:

Career is important for every student because without goals one cannot succeed. Every student need to have a set of clearly defined goals. One should have a “clear picture” of what one aspires to do. Articulating our vision statement for our career is the first step in helping them eventually reach our career goals. Professor, A. Narayana delivered a speech on” How to set vision and goals and how to work to achieve our goals”. All first and second year students participated in this program and clarified their doubts regarding goal setting. He even shared some tips on effective goal setting.

Squeeze out your goals in a positive way

- You be precise in setting date and time, once you precise automatically you achieved your goals.
- Set hierarchy order of your goals and arrange according to your attention towards and helps you avoid feeling overwhelmed by having too many goals.
- Write your shot and long term goals and set in realistic goals that you can achieve and that are in your own control.

Lecture by Major. Dr. V. A. Narayana

Report on Blood Donation Camp:

A blood donation camp was organized at CMR College of Engineering & Technology (Autonomous). Hope for Life blood bank medical teams attended the event. More than 536 students voluntarily donated blood and 56 volunteers volunteered for this event. The blood bank assisted by the volunteers took all necessary precautions to provide complete safety to the donors. Nearly 326 units of blood was collected and donated to the bank. The blood was collected with the intentions of helping the needy patients in government hospitals. With the cooperative efforts of the college management, students, blood bank members and NSS volunteers, the event turned out to be a huge success. The faculty of CMRCET also donated the blood indeed providing more encouragement for the students.

Report on Traffic Awareness Camp:

CMR College of Engineering & Technology organized an awareness program titled 'Safe Driving, Saves Alive' to remind the students about the importance of their lives and to follow safety measures to be safe. This event was held to bring awareness on increasing number of accidents. The program was held on 26-11-2015 at Medchal Junction.

Mr. M. Gangadhar, Inspector of police person accompanied with our NSS volunteers and students and spoke about the basic rules and regulations that one should follow to keep themselves and others safe. NSS program officer spoke about the importance of wearing a helmet while riding a two-wheeler and car driving within the speed limit.

The event was a successful one with the students being reemphasized on road safety and personal safety. The Principal of CMR College of Engineering & Technology, Dr. M. Ramalinga Reddy was present on the occasion along with the other management members. The management and Principal thanked Mr. M. Gangadhar for his presence.

After this event, the college decided to mandate the use of helmets for all the students and faculty who commute to college on bikes.

Brief Report on school dropout children Program:

Most of the children drop out of the schools in rural localities. So we need to create awareness among their parents. Our NSS volunteers visited Bachurajpally village on 20-02-2016 and gathered the statistics of the school dropout children and identified nearly 13 students. Reasons for the drop out are bad influence, family and socio-economy, poor health conditions and academic difficulties. But among all the reasons the main reason was health and socio economic problems.. Our NSS volunteer given clear information about government schemes and educated them about hygiene. All the villagers and the serpent appreciated the volunteers and accepted the suggestions that they have shared.
