Academic Year: 2014-15
EQUAL OPPORTUNITIES CENTRE (EOC)
MINUTES OF MEETING

The first meeting of EQUAL OPPORTUNITIES CENTRE (EOC) held on 18-05-2014 at 02:30 PM in CMR College of Engineering & Technology.(R.No: 124, Block II)

Date: 18-05-2014

Time: 2:30-3:30 PM

Venue: Dept of Civil Seminar Hall

The chairman Dr. Ramalinga Reddy welcomed all the committee members.

Item 1: Standard operating procedures (SOP) are finalized during the meeting and communicated for the same will be issued to the concerned.

Introduction:

CMR College of Engineering & Technology (CMRCET for short) is sponsored by MGRI Educational Society, established in 2002, with concept of equal opportunities to one and all. EQUAL OPPORTUNITY CENTRE (EOC), CMRCET is to ensure persons of all gender (students, staff, faculties or the community) from various diverse backgrounds are not deprived of their rightful opportunities.

Equal Opportunity Centre (EOC) established in CMR College of Engineering & Technology on 2014 to address the issues related to students belonging to Schedule Caste/Schedule Tribe, Other Backward Caste and minorities and the Persons with Disabilities (PWDs) on a continual basis. Its objective is to help and empower the persons with disabilities students to participate fully in the academic, intellectual, social and cultural life of Engineering College on an equal basis.

STANDARD OPERATING PROCEDURE OF EQUAL OPPORTUNITY CENTRE (EOC)

Purpose of the **EQUAL OPPORTUNITY CENTRE (EOC)** is to prepare the students list at the time of admission for SC, ST, BC, minority, PWD person and women. Department wise student list made available to faculty for communication and needy persons will approach EOC. EOC will update the same to the members for convene the meeting to address the issues raised by the students with oral/ verbal/ letter/ mail. The EOC Decision will be communicated to the departments for monitoring the action taken.

Selecting of the member for EOC is done by respective Department heads. These members will look into the various issue/ concerns of the student of that particular department. Each department, a faculty will be associated to monitor effectively. Common grievance will be addressed by EOC and the specific will be dealt by authorized persons of EOC. The performance of this Students regards academic curricular/ extracurricular will be monitored by concerned Department, periodically reviewed by EOC. EOC will organize activities like workshops/ exhibition/ interaction with experts as and when required to improve skills of the students.

Convener of EOC is supposed to release the correspondence related to the activities to be conducted for a particular academic year duly approved by the IQAC coordinator before end of previous academic year. At least 2 activities per semester or 4 activities for an academic year have to be compiled.

Chairman of EOC release an office order in the month of May regarding the members of the committee for the next academic year.

Objectives

1. To create diversity and inclusive groups the campus to provide adequate Opportunities.
2. To inculcate awareness about environment for the disadvantaged groups in the institution in their Career.
3. To ensure implementation of policies, schemes and programmes for underprivileged groups within The framework of policies and guidelines of the GOI/UGC.

Target Group

EOC works for affirmative action for the deprived sections such as persons from SC, ST, OBC (Non-creamy layer) categories, persons from religious & language minorities, differently-abled persons and Women.

Composition

1. Principal act as a Chairman of the EOC Committee.
2. One senior faculty member to be appointed as a program Convener by the head of the Institution.
3. Faculty and student members from each department.

Roles and Responsibilities

1. Focusing on overall personality and skill development so as to ensure enhancing their employability.
2. Inclusive growth to become part of mainstream of society.
3. Provide personal counseling and career guidance.
4. Awareness building and sensitization regarding discrimination on various grounds.
5. To create barrier free environment in the college campus for Persons with Disabilities for career growth.
6. Ensuring non-discrimination for PWD persons.

Access-Audit for Barrier Free Campus: An Access Audit of the entire campus has been carried out with a view to make academic, administrative and residential buildings and public places in the college campus accessible for wheel-chair users and the visually impaired to facilitate higher education. During the process, a plethora of issues pertaining to the required safety measures and infrastructure facilities were taken into consideration.

Steps towards creation of a Barrier Free Environment:

Though certain measures (such as putting special ramps, disabled-friendly toilets, etc.) have been taken earlier in order to facilitate persons with disabilities, there remained areas which necessitate further attention and improvement to make the college accessible for disabled persons.

.Lift:

Lift installed in various buildings of the college for facilitating the independence and mobility of the persons with disabilities. While certain measures have been taken in the past to make the lifts accessible to persons with disabilities.

Toilets:

Adequate lighting in the toilets provided in college assist the students with low vision. Construction was carried out in the toilets on the ground floors in hostels to make them more disabled-friendly, however, certain problems which are still being faced by students have been identified and efforts are underway to rectify such problems.

Wheel Chairs:

Wheelchairs (including wheelchairs with commode and folding foot) were procured by the Equal Opportunity Office during this period for students with disabilities.

Complaints Redressal Mechanism:

Equal Opportunity centre is committed to fulfilling to maintaining social harmony among various sections of the college community. Complaint Box is provided it will opened every week on Saturday. Whenever any case of social discrimination is brought before the Equal Opportunity Centre, it is thoroughly investigated and examined and suitable action is recommended. Addressing of issues related to any social discrimination faced by students or staff at any level is amongst the principal objectives of the Equal Opportunity centre.

Frequency of Meetings

1. Starting of every semester first meeting will be conducted to discuss the activities to be conducted in that semester.
2. At the end of the semester meeting will be conducted to review all the activities and action plan for next semester of the academic year.

We may conduct the meetings as and when required.

Item 2: Proposal of activities to be conducted for the students in the A.Y 2014-15 under EOC. It is decided to contact it list three programs for the academic year out of the four programs.

Following is the schedule of events to be conducted under EQUAL OPPORTUNITY CENTRE for the Academic Year 2014-15

S. No	Name of the Event/Activity
1	Seminar on personality Development
2	Awareness programme on Different schemes available for SC, ST , Minorities and PWD persons from state Government
3	The Eco Quiz Event was Organised to Create Awareness Among Students on Environment
4	A Lecture on " Road Safety for Divyangs"

Item 3: From each department one person will be the group member for any activity to taken up by EOC.

The Committee made the following Resolution

All the committee members agreed to drop a program on "The Eco quiz was organized to create awareness among students on Environment".

The suggestions and accepted the proposal with enthusiasm for the events to be conducted and took the decision to conduct all the above events.

The meeting concluded with the Chairman of EOC thanking the committee members for their valuable suggestions.

Report of One day seminar on personality Development

As part of a wakeup call to all students of CMR College of Engineering and Technology "*Seminar on personality Development*" is conducted on 3rd September, 2014.

The educational institutions providing Engineering education in India are churning out about 800000 Engineering graduates annually. The economic imperatives for Indian Higher Education System are: Developing a skilled, job ready and productive workforce by imparting technical and soft skills training; imparting education/skills that enable students to become entrepreneurs; and enabling Higher Education graduates to attain skills to meet the needs of the society and can become employable work force. Which is lacking in the present scenario Bearing this in mind a one day a seminar was held for the benefit of Students on 'Leadership and Personal Effectiveness with

Major objectives:

1. To develop leadership skills in the students;
2. To appraise students about the importance of communication skills, critical thinking skills, and collaborative skills;
3. To enable students to learn and *face* situations at individual level. :

The resource person of the a seminar was the professor Venkateshwa Rao .The Seminar was presided over by the principal of the college Dr M. Ramaliga Reddy expressed the importance of leadership and personal effectiveness in present environment. The introductory remarks were made by the IQAC Coordinator of the college A Kotishwar, all the HODs and faculty members were participated of this seminar. Prof M Sudhakar highlighted on the change in the mindset to face competition and enhance leadership skills.

The program aim to create awareness on different situations of the institution, which a student might or may undergo in their walk of life, raised on day to day life in the question hour students ask the speakers queries.

The feedback obtained from the students revealed that:

1. The program was given light on communication and personal development.
2. Leadership skills;
3. They expressed to conduct workshops/ seminars of this kind.

Outcomes:

Participants understand the use of skills in their carrier and professional life.

Report On

Awareness programme on Different schemes available for SC, ST, Minorities and PWD persons from state Government

Date: 15th October, 2014

The objective of the Equal opportunity Cell is to help and empower the students. In this connection Equal Opportunity cell made an attempt create awareness about the financial assistance for the students in their career. On 15th October, 2014 Equal opportunity cell of CMRCET organized an awareness program on how to apply Scholarships through Internet facility. The awareness created on scholarships available to the students are listed below

- Academic scholarships
- Average academic performance scholarships
- Athletic scholarship
- Scholarships for minorities
- Scholarships for women
- Creative scholarship
- Unusual scholarships
- Community service scholarship

The students were told about the importance of scholarships in pursuing their academics and later in their careers. Moreover it is extremely costly to pursue higher studies abroad. Thus scholarships play an important role in any student's life. Applying online for scholarships is a very useful and time saving tool. As many sections of the society are not in a position to educate their children on their own, the Government of India made various types of scholarships available. Thus there are scholarships exclusively for women, SC/STs, and other economically weaker sections of the society. Professor Srinivas Rao explained the importance to under the benefits which can be availed in their carrier.

- Dr M. Ramalinga Reddy Principal of CMRCET spoken on this occasion with the students how the scholarships given by the Govt benefits to melt their financial requirements using the Govt schemes.

Road safety awareness

A Seminar on “Road Safety for Divyangs” held at CMRCET, Hyderabad on March 23, 2015 by Professor B Prasad gave informative lectures to the students.

They informed the students that owing to the violation of traffic rules on roads by underage driving roads have become very unsafe, especially persons. They presented shocking statistics connected with road rage. According to Road Accident Statistics India 1214 road crashes occur every day in India. 20 children under the age of 14 die every day due to road crashes in the country. One serious road accident in the country occurs every minute and 16 people die on Indian roads every hour.

They made students aware of the newly passed Road Safety Juvenile Driving Laws. According to the recently implemented Road Safety Bill 2016 the guardian /owner shall be deemed to be guilty in cases of offences by the juveniles and juvenile shall be tried under JJ act. The representatives from the Traffic Police Ludhiana appealed to the students to follow traffic rules to maintain safety for one and all..

The students enjoyed the interactive session with professor Prasad and were inspired to take the message back home about how critical road safety is. They were given the responsibility of ensuring that their family members follow the rules of the road, as breaking rules might be dangerous or fatal. Professor B Prasad explained the risks of wheeling on the roads. He requested underage students not to drive vehicles on the road and to be civic conscious citizens.

Principal Dr M RamaligaReddy and professor Prasad flagged off the safety walk at which teachers, college bus drivers, cleaners and other support staffs were present. The students walked till the kandlakoya area and spread awareness by holding placards with messages of safety on the roads while driving and walking, shouted slogans and distributed pamphlets. The policemen who were on duty on Medchal Road, assisted in the smooth movement of traffic and safety of the students on the walk.

Venkat and Ramani students participated in the walk rallie and explained to traveler’s about and wearing helmets.

Benefits of Road Safety Barriers

Roads and highways should be designed and constructed in a way that ensures and guarantees safe, effective, convenient and efficient transportation of people and different kinds of goods or materials. It is always recommended and it is expected for drivers to travel at speeds which are appropriate to the conditions of the roads in order to reach their final destination in a safe manner. Still, car accidents and crashes are common unwanted events. Every year the number of car crashes and accidents in Telangana state.

There are many reasons why car accidents happen on the roads, such as:

- Driver's driving habits or error
- Driving over speed limits
- Driver's fatigue
- Alcohol or drug consumption
- Mechanical failure of the vehicle
- Tough weather conditions such as rain, snow, wind etc.

When drivers loose control over their vehicles, there are high risks of collisions and impacts with other vehicles or objects near the road. Therefore, the roads and highways need to be constructed and designed with safety road barriers. Road safety barriers are described as vehicle protection systems which are specially designed to protect the vehicles on the roads, to save many lives and to be maintenance free for at least 30-50 years.

Outcomes

1. It recognises that prevention efforts not with standing, road users will remain fallible and crashes will occur.
2. It stresses that those involved in the design of the road transport system need to accept and share responsibility for the safety of the system, and those that use the system need to accept responsibility for complying with the rules and constraints of the system.
