Annual Quality Assurance Report (AQAR)
2015 - 16

The Annual Quality Assurance Report (AQAR) of the IQAC: 2015-16

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. *(Note: The AQAR period would be the Academic Year. For example, July 1, 2015 to June 30, 2016)*

Item_10	Overall rating on curriculum	27	83	14	8	132

Valuable Suggestions made by Students:

1. Few students suggested to conduct workshops on Advances in Matlab software.
2. Few students suggested to organize more Industrial visits.
3. Some of the students suggested to introduce a course Hacking Technologies such as choice based course in curriculum.

4. Some of the students suggested to introduce a course on Flexible Ac Transmission Control Techniques.
5. Handful Students Felt that some of the topics in the Engineering Drawing course very difficult to understand.
6. Some of the students requested to conduct workshop program on PCB Designing.
7. Few students suggested to introduce a course on Control techniques for HVDC Transmission.
8. Some of the students suggested to introduce a course on Fuzzy Logic control Techniques for Electrical drives.
9. Some of the students suggested to introduce a course on Voltage Sag & Swell Mitigation Techniques.
10. Few students suggested to introduce a course on fundamentals of Embedded Systems.
11. Few students requested to conduct classes for Competitive Examinations.
12. Some of the students suggested to introduce a course on Power Electronics associated to Industrial Applications.
13. Few students suggested to conduct more training programs to provide more employment in Software Industries.
14. Handfull Students Felt that few topics in the EHVAC course very difficult to understand.
15. Some of the students suggested to introduce a course on Taxation.
16. Some of the students suggested to introduce a course on Electronic Communication.
17. Some of the students suggested to introduce a course on Automobile Engineering.
18. Some of the students suggested to introduce a course on web designing technology.
19. Few students suggested to introduce a course on Impact assessment on Environmental.
20. Some of the students suggested to conduct more seminars on projects.

The outcome of the program is that participants have understood the importance and duration of hours required for sound sleep to maintain good health.
Demonstration on working principle and operation of generators - School children visit	Naipunya club of CMRCET/ZPHS, Ravalkole	45	Naipunya club of CMRCET/ZPHS has organized a demonstration class on working principle and operation of generators	The session on Working principle and operation of generators' motivated students and started preparing presentation on other related topics.
Guest talk on Introduction to MS - Excel	Naipunya club of CMRCET/ZPHS, Pudur	30	Naipunya club of CMRCET/ZPHS organized a Guest talk on MS-Excel to young students. General interaction on MS-Excel application created interest.	The session made big impact on students and they started knowing more about different subject's applications.
General interaction on Applications of Mathematics in Engineering	Naipunya club of CMRCET/Upper Primary School, Yellampet	25	Naipunya club of CMRCET/ZPHS organized a General interaction on Applications of Mathematics in Engineering. The lecture created an intrest in students to know more about applications. .	The interaction session is it made big impact on students and they started knowing more about different subject's applications.
3 day training program on welding	Naipunya club of CMRCET	9	Naipunya club of CMRCET/ZPHS organized 3-day training program on welding. The outcome is that students	The training program made big impact and students started knowing more about different methods of welding.

			were able to think its applications.	
Hands on session on Lathe machine	Naipunya club of CMRCET	10	Naipunya club of CMRCET/ZPHS organized Hands on exposure on Lathe Machine. The outcome is that students learn more about Lathe machine and types of jobs that can be done using Lathe Machine.	The hands on exposure program made a big impact and students started knowing more about jobs that can be done using Lathe machine.
Training program on Black Smithy related works	Naipunya club of CMRCET	9	Naipunya club of CMRCET/ZPHS organized Training session on Black Smithy related works'. The outcome is that students learn more about Black smithy related works..	The Training session on 'Black smithy and related works', made a big impact and students started knowing more about jobs that can be done.
Hands on exposure on CNC Turning Machine	Naipunya club of CMRCET	10	Naipunya club of CMRCET/ZPHS organized Hands on exposure on CNC Turning Machine. The outcome is that students were able to think its applications, and effective ways of doing turning jobs.	The session made a big impact and students started knowing more about CNC Turning Machine applications.
An Essay Writing Competition on " Should Plastic be banned " to B.Tech Students	Green Peace Eco Club of CMRCET	22	The Green Peace Eco Club of CMRCET organized a program on Essay writing competition on 'should plastic be banned'. The response was very much encouraging.	Many students participated, and the in one line every one mentioned that plastic needs to be banned. Alternatively start using paper cups, copper bottles.
A Street Play on "Cutting of Trees"	Green Peace Eco Club of CMRCET	100	The Green Peace Eco Club of CMRCET organized a program on 'Street play on cutting of trees' This program attracted all students and felt how they feel while a tree being cut, and the pain it undergoes.	The street play attracted many and the impact is 'ban tree cutting'.
Distribution of Clay Ganesha Idols	Green Peace Eco Club of CMRCET	100	The Green Peace Eco Club of CMRCET organized a program on 'Distribution of Clay Ganesh Idols, to keep environment clean and green.	Distribution of Clay Ganesh on the eve of Ganesh festival attracted and appreciated by many. The impact is many started publicizing use of Clay Gansh

				henceforth.
Clean Day : Picking up all trash and debris in the College premises	Green Peace Eco Club of CMRCET	150	The Green Peace Eco Club of CMRCET organized a program on Clean Day: Picking up all trash and debris in the college campus. Title of Practice:

Supporting to Progression of Research & Development (R&D) Activities

Objectives of practice:

⟩ To encourage a strong culture of research amongst students and faculty.

⟩ To recognize the recent technologies and different areas of research and propagate the information to staff and students.

Context:

⟩ Develop and diversify courses beyond the curriculum so that faculty and students particularly from underprivileged backgrounds may have experience towards different domains of research and have the chance to opt for the same.

The practice:

⟩ All the departments are having research facilities in the Institution.

⟩ Wi-Fi/LAN facilities are available for 24/7 with computer has been provided for their work in the R&D Centre.

⟩ Composition of Research Advisory committee (RAC) has been formed and constituted.

⟩ Financial support is also initiated and extended to all the students and faculty in the form of SEED Money has been initiated and provided through IQAC.

⟩ To encourage good publications, the organizations gives reward/incentives for the faculty and students for publishing their research articles in reputed journals and also refund the publication charges of journal.

⟩ Reputed professors are invited to conduct/give workshops/lectures about the current and the best practices of research methodologies & IPR.

⟩ Research & Development Centre conducts the Research Advisory committee (RAC) meetings timely to review the progress of research activities and also to suggest the activities.

⟩ Annual Quality Assurance Report (AQAR 2015-16) IQAC, CMR College of Engineering & Technology (UGC Autonomous), Kandlakoya, Medchal Road, Hyderabad, Telangana-501401.

Evidence of success:

] Number of research papers published by the students and faculty has improved (around **135** research papers published in various UGC Journals) in AY 2015-16

] More students and faculty members are participating in national/international level seminars/workshops/conferences for presenting their research works.

] 64 faculty members are in various department with Ph. D in the last year and 58 faculty members are energetically engaged in pursuing the Ph.D degree.

] Funds to the tune of 102.12 lakhs have been received by faculty members from various funding agency for research and consultancy works which is boast-worthy for a growing organization like ours.

] A whooping amount of 2.76 lakhs have been disbursed by the organization as seed money for the faculty and students.

] Projects worth 66.64 lakhs are on-going and project proposals worth 126 lakhs have been submitted for funding to various agencies.

] Number of students and faculty enrolling for higher studies in research from our Institution has gone up.

] Particularly the alumni of our Institution have been to research from various countries.

Problems encountered:

] Timely response from funding agencies will be encouraging.

] Required more cutting edge technologies and resources, lack of link ups with well established R&D organizations.

] It is difficult to balance teaching and supervising duties especially in research works.

] Sustained inspiration of students and faculty is always a challenge.

Resources required:

] Infrastructure like department wise research laboratories, Human resource, High-end Servers, meeting rooms, discussion rooms, spatial requirements, and Financial Grants.

Title of Practice:

Training & Placement Activities(2015-16)

Objectives of practice:

⟧ To associate with industry and create a system that is dependable to each other and simultaneously nurture young minds for a realistic job preparation.

Context:

⟧ In spite of trying to match the academic requirements with industry it always becomes necessary for practitioners to create a set up which is conducive to prepare prospective employees(students) as per the need of the hour. So the need for industry training by organizations themselves adds value to the required set of training activities.

The practice:

⟧ Association with Zensar Technologies with their ESDP (Employability Skill Development Program) for CSE students.

⟧ Association with Cyient for skill training for Mechanical and CSE Branch students.

⟧ Association with UTL technologies for technical training on Embedded C, Networking in order to increase the options for career in core areas.

⟧ Planning various short term internships.

] Software packages(AUTOCAD, STAADPRO,CAD) training in technical areas for CIVIL and Mechanical Branches through IQAC.

⟧ Association with Infosys for soft skills training.

⟧ Establishment of dedicated computer labs for the training sessions through IQAC.

Evidence of success:

] Students interest to learn assisted and associated technology training has increased with increased awareness towards technology training through IQAC.

⟧ Campus placements offered number increased.

⟧ Students placed due to the skill enhanced through industry delivered technical programs.

Problems encountered:

⟧ Managing the additional training hours over and above academic hours.

⟧ Getting licensed versions of technical softwares.

Resources required:

] Technical Trainers.

◻ Additional Computer labs.
