Kandlakoya, Medchal Road, Hyderabad – 501401

INCUBATION CENTER at CMRCET

CMR College of Engineering & Technology (CMRCET) is proud to host a recognized Incubation Center under the Micro, Small & Medium Enterprises (MSME) initiative, along with an ATAL Incubation Unit, further strengthening its commitment to fostering innovation and entrepreneurship among students.

As a testament to the institution's efforts in promoting student led startups and innovative projects, five student ideas have successfully secured funding support from the MSME initiative. These projects have received cumulative funding of approximately ₹63 lakhs, providing significant financial assistance to transform their innovative concepts into viable entrepreneurial ventures. This recognition and funding support highlights CMRCET's dedication to nurturing young innovators and empowering them with the necessary resources, mentorship, and incubation facilities to drive technological advancements and contribute to the entrepreneurial ecosystem. Through its incubation programs, CMRCET continues to play a pivotal role in shaping the future of aspiring entrepreneurs by providing them with a robust platform for research, development, and business growth.
