(57) Abstract :
 VILLAGE RESOLVE - A TECHNOLOGICAL BRIDGE BETWEEN COMMUNITIES AND AUTHORITIES FOR ENHANCED GOVERNANCE AND SUSTAINABLE DEVELOPMENT ABSTRACT The abstract encapsulates the challenges faced by rural India, emphasizing the necessity for improved infrastructure and access to essential services. It highlights the introduction of an innovative app, "Village Resolve," aimed at empowering rural communities by facilitating direct communication with local authorities. Through this platform, villagers can report and resolve issues related to water, electricity, health, education, and infrastructure, thereby bridging the gap between citizens and authorities. The app's simple interface allows users to log in with basic details, submit their concerns along with relevant images, and track the progress of issue resolution. By centralizing problem-solving processes and fostering community engagement, Village Resolve strives to catalyze positive change and promote sustainable development in rural landscapes.
